PROFESSIONAL SUMMARY

Android Developer with 1.5 years of hands-on experience in building and delivering 2+ high-quality cross-platform applications for Android, iOS, and Web using **Jetpack Compose**, **Kotlin Multiplatform (KMP)**, and architectural patterns like **MVVM** and **MVI**. Proficient in integrating **Firebase** services, implementing **Koin** for Dependency Injection, and managing codebases with **GitHub**. Adept at writing clean, maintainable code and collaborating in Agile teams to bring robust digital products to life.

SKILLS

Android development	Jetpack Compose
Kotlin	Model View Viewmodel (MVVM)
Retrofit	Firebase
SQ Lite database	GitHub
Kotlin Multi-platform (KMP)	Koin

WORK HISTORY

Android Developer | Solvonix Technologies - Faridabad (Remote) *01/2024 - Current*

- Created custom mobile applications using native technologies.
- Consistently used Android SDK to produce highly effective and nuanced content.
- Reduced application crashes by proactively monitoring crash analytics reports and addressing any issues found.
- Worked closely with UI/UX designers to translate wireframes into fully functional Android apps that meet both design specifications and user requirements.
- Developed applications using MVVM architecture, resulting in a cleaner codebase that is easier to maintain and build upon.
- Integrated third-party APIs into applications to enhance functionality and provide additional value to end users.

Projects :-
Catholic :

- Currently working on Gym Management App (Catholic) using Kotlin Multi-platform (KMP) to deliver cross-platform support for Android, iOS, and Web.
- Implementing MVI architecture and Koin Dependency Injection for clean and maintainable code across shared and platform-specific modules.
- Designed core features such as real-time attendance tracking, subscription management, and role-based access using Firebase and secure backend APIs..

Role :- Android Developer
Technology uses :- Kotlin, Jetpack compose , Kotlin multi-platform, Koin , MVI , Ktor

EDUCATION

Gagan College of Management & Technology - Aligarh, Uttar Pradesh *07/2024*
Bachelor of Computer Applications: Computer Science
